# Ally & Ally Plus Pin Aligners

Economical Pin Straighteners suitable for integrated circuits MOS and CMOS, from 4 to 64 pins.
Operation is made by sliding the packaging tube between the 4 metal rollers.
Easy adjustment of the pitch is achieved by the side knob.

SAL 01 SP

Pins aligner _with_ pressing rollers for integrated MOS and CMOS from 4 to 64 pins

Pins width (0.3" a 0.6") – (7,6 – 15,2mm)

SAL 01 NN

Pins aligner _without_ pressing rollers for integrated MOS and CMOS from 4 to 64 pins

Pins width (0.3" a 0.6") – (7,6 – 15,2mm)
